AMA FINANCIAL SERVICES

Different. Dedicated. Experienced.

For over 25 years, AMA Financial Services has worked as a dedicated broker and financial adviser to health and medical professionals around Australia.

We're different from the rest because our mortgage brokers, insurance brokers, financial advisers and support staff are not remunerated through commission systems – they work for you – and all the profits get returned to benefit the medical profession.

Our three financial divisions are:

- AMA Finance Brokers
- AMA Financial Planning
- AMA Insurance Brokers.

AMA FINANCE BROKERS

If you are buying a house or taking out a loan, there are hundreds of loans to choose from and lots of lenders. Our mortgage and finance brokers will work closely with you to understand your individual goals and needs so you can choose the right loan for your circumstances.

It's our job to make financing your investment easy for you. Choose how you wish to meet with us – via video call, phone, face to face or email – and we will save you time. Digital processing means you can sign forms from your laptop, and you can always call us if you need a hand.
